WELCOME!

TEACHER PHILOSOPHY "It is our philosophy to provide your child with warm and caring surroundings. We will allow the children to experiment through creative play, small and large motor exercises, art, music, math, and science. We will also do our best to assist the children learning self-respect, self-esteem as well as respect and compassion for others."

Fall Weather

With the summer slowly coming to an end we ask that each child has a light weight fall jacket or sweater that they can keep at AFCCC for our outdoor adventures and recess times.

Our goal as a professional child care provider is to provide your child with a clean, safe, comfortable environment where they can play and learn with guidance and loving care while you are at work or attending school.

Thank You Parents!
