Child Health Report - Child Care Centers

Use of form: Use of this form is required unless the health examination report is on an electronic printout from a licensed physician, physician assistant, or other EPSDT provider. Completion of this form meets the requirements of DCF 202.08 (4), DCF 250.04 (6) (a) 4. and DCF 251.04 (6) (a) 8. Failure to comply with these rules may result in issuance of a noncompliance statement. Personal information you provide may be used for secondary purposes [Privacy Law, s.15.04(1)(m), Wisconsin Statutes].

Instructions: Each child under 2 years of age shall have an initial health examination not more than 6 months prior to nor later than 3 months after being admitted to the center and a follow-up health examination at least once every 6 months thereafter. Each child 2 years of age but who is not 5 years of age or older shall have an initial health examination not more than one year prior to nor later than 3 months after being admitted to a center and a follow-up health examination at least once every 2 years thereafter. The parent / guardian shall give this form to the physician, physician assistant, or other EPSDT provider to be completed, signed, and dated. The licensee / operator shall obtain a copy for the child's record. Note: Children are also required to have on file at the child care center documentation of immunizations; it may be helpful if the parent / guardian includes a copy of the child's immunization record when submitting this form to the child care center.
